

BEACONS

7965 SERIES SAE Class I LED

The 7965 Series beacon combines all the major benefits of the latest LED technology with a traditional, strobe style housing at a price point comparable to a strobe. Available in either 5" or 7" height profiles, the 7965 is suitable for a wide range of applications where a high-intensity SAE Class I light is required. The 7965 features 12-24VDC operation and 11 flash patterns that produce an attention-getting warning signal. Each unit is backed by a 2-year warranty.
